Dear Edney Community

Term One school holidays extended

WA Premier, Mark McGowan, has announced today that school holidays are extended for one week for WA Schools in the Perth, Peel and Southwest regions as these regions go into full lockdown.

At this stage, there has been no other directive for schools, and as with any updates with Coronavirus the next steps we will need to take may not be known until the coming few days.

Staff have also been directed to stay at home, unless absolutely necessary.

We know this may be a time of shock and confusion for some, especially for our children. Ensure you are having conversations with your children, giving them opportunity to express how they feel. Use this time to discuss resilience and try to find ways to enjoy the time at home together.

The purpose of community lockdown is to assist in protecting all members of our society, but most especially, the elderly, vulnerable, our first responders and essential emergency and medical staff. Please as much as is possible, ensure that you are keeping your children at home during this week of extended school holidays, and ensure you are going out only for essential reasons.

KEEP CONNECTED

We will continue to post updates and information so if you haven't already, join our social media site, *Edney Primary Parents 2021* on Facebook or download the SchoolStream app.

WHEN WILL SCHOOL GO BACK?

We hope that school can resume for Term One Monday 8th February. We will keep our community up to date as information comes to hand.
